PORTFOLIO

FURNISHING GOLDFINGERS ADRIANA LOHMANN

Adriana Lohmann presents a collection of handcrafted luminous sculptures in crystal, metallic, plastic, textiles or high-tech materials, from unique pieces in limited editions for domestic design, up to particular creations in special shapes and remarkable sizes, for special scenically purposes.

The wire mesh Dune Oro used to create a unique line of Goldfinger, emphasized and shine the product with iridescent shades that gently approach near the terylene paillettes – metal chains – and faceted crystal octagons.
