RETAIL NATUZZI STORE

JUTA

Natuzzi products are characterized by a contemporary design and endless possible configuration, for this reason, the Arch Bosio has chosen for the restyling of Natuzzi stores the wire mesh Juta. When you choose a metal mesh, the most appreciated feature is the modularity. The possibility to create a furniture that meets the needs of individual taste and space available is a unparalleled plus.

Incomparable and intricate metal mesh, illuminated by the glow of the steel, creating feelings of relaxation wrap, turning simple furnishings in movable walls to change the space distribution.
