CURTAINS AQUAE CALIDAE - TEPIDARIUM

M&M RIO

"Aqua Calidae" is located in the heart of the bustling and modern city of Milan.

The relaxation given by water and specific treatment is not the only feature of the SPA, in one of the rooms you can enjoy a backdrop of drapes metallic fabric made with M&M Rio, that recall the banners of the Romans. A fabric woven with metallic wire of copper, steel and brass, malleable and flame retardant, ideal for creating curtains, easily to sew and installed in any environment, modern or vintage, linear or curvilinear.

Acqua Calidae is a place that invites citizens to live a different city, finding innovative products combined with a range of wellness unique in the world.
