

Years of experience in the luxury and furnishing sector provide Issarch with a deep knowledge and understanding of all aspects of design. It is precisely from these qualities that the company achieves fantastic furnishing accessories like these one presented at the Salone del Mobile in Milan. Using Elegance and Mini River metal mesh supplied by TTM Rossi, Issarch has proposed to this exclusive event luxurious and sparkling chandeliers that can make every room unique.

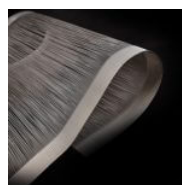

The light reflects on the wire mesh giving a brilliance without equal and making visible the quality of the product.

The elegant and luxurious design adapts to the needs of individual customers and emphasizes the attention to detail.
